THE REVOLUTION IS INCLUSION

An all-out effort to end discrimination against people with intellectual disabilities.

THE CHALLENGE

It is time to create a world of inclusion and acceptance.

Special Olympics Florida's **Race for Inclusion** is a campaign to inspire people across the state to build communities where everyone is respected and valued. It is a campaign to fight the stigma, isolation, injustices, and health challenges faced by people with intellectual disabilities.

Every step matters.

ABOUT

The **Race for Inclusion** is more than a fundraiser. It is a collection of local and regional events throughout the year, culminating in the fall with a series of races around the state.

Local races may vary — walk, run, swim, and even golf — but they are all part of the **Race for Inclusion** to emphasize our single purpose: building a world that gives people with intellectual disabilities the opportunity to realize their full potential.

WHY WE RACE

We race to change perceptions of people with intellectual disabilities (ID).

We race to show that people with ID have unlimited potential — that they can be world-class athletes, brilliant students, valuable employees, public speakers, artists, authors, and community leaders. We race to create a society that demands respect and acceptance for everyone.

Special Olympics is known worldwide for its work supporting the physical, mental, and social well-being of people with intellectual disabilities. The **Race for Inclusion** will amplify our work — bridging gaps in access and opportunity for a community that represents 3% of the global population.

CELEBRATING **FIVE DECADES** OF EMPOWERMENT

The work of Special Olympics Florida remains as vital today as it did when our state organization was founded in 1972. We continue our mission to create a better world by fostering the acceptance and inclusion of all people.

Through the power of sports, people with intellectual disabilities discover new strengths and abilities, skills, and success. Our athletes find joy, confidence and fulfillment — on the playing field and in life. They also inspire people in their communities and elsewhere to open their hearts to a wider world of human talents and potential.

INCLUSION MANIFESTO

We are not just athletes. We are the ambassadors of an uprising. Peaceful protesters in rebellion against anyone who has a fear of difference.

Our demands are equality, dignity and a recognition of our share humanity. We will not stop or accept anything less.

We are deserving. When we compete, we are fighting for a more inclusive world. We are champions on the field and for this cause.

Today our world is more divided than ever and coming together has never been more urgent.

“

The revolution is inclusion, and it is not optional.”
